Problem: Bingham student bakery (that's you) wants to acquire the award winning bread recipe from HQ's Bread Bakery. The students send one of their spies to HQ's Kitchen, to steal the secrets. Little did they know the bakers at the HQ bakery learned of there scheme and secretly altered their recipe to confuse the spy.

Your spy was so missed up that the secrets were never revealed. It is your job today to observe HQ's Bakery so that you can go back to the student bakery and recreate the award winning recipe.

Be sure to write down your observations in order so that you may create your own procedure for this tasty slice of heaven.
